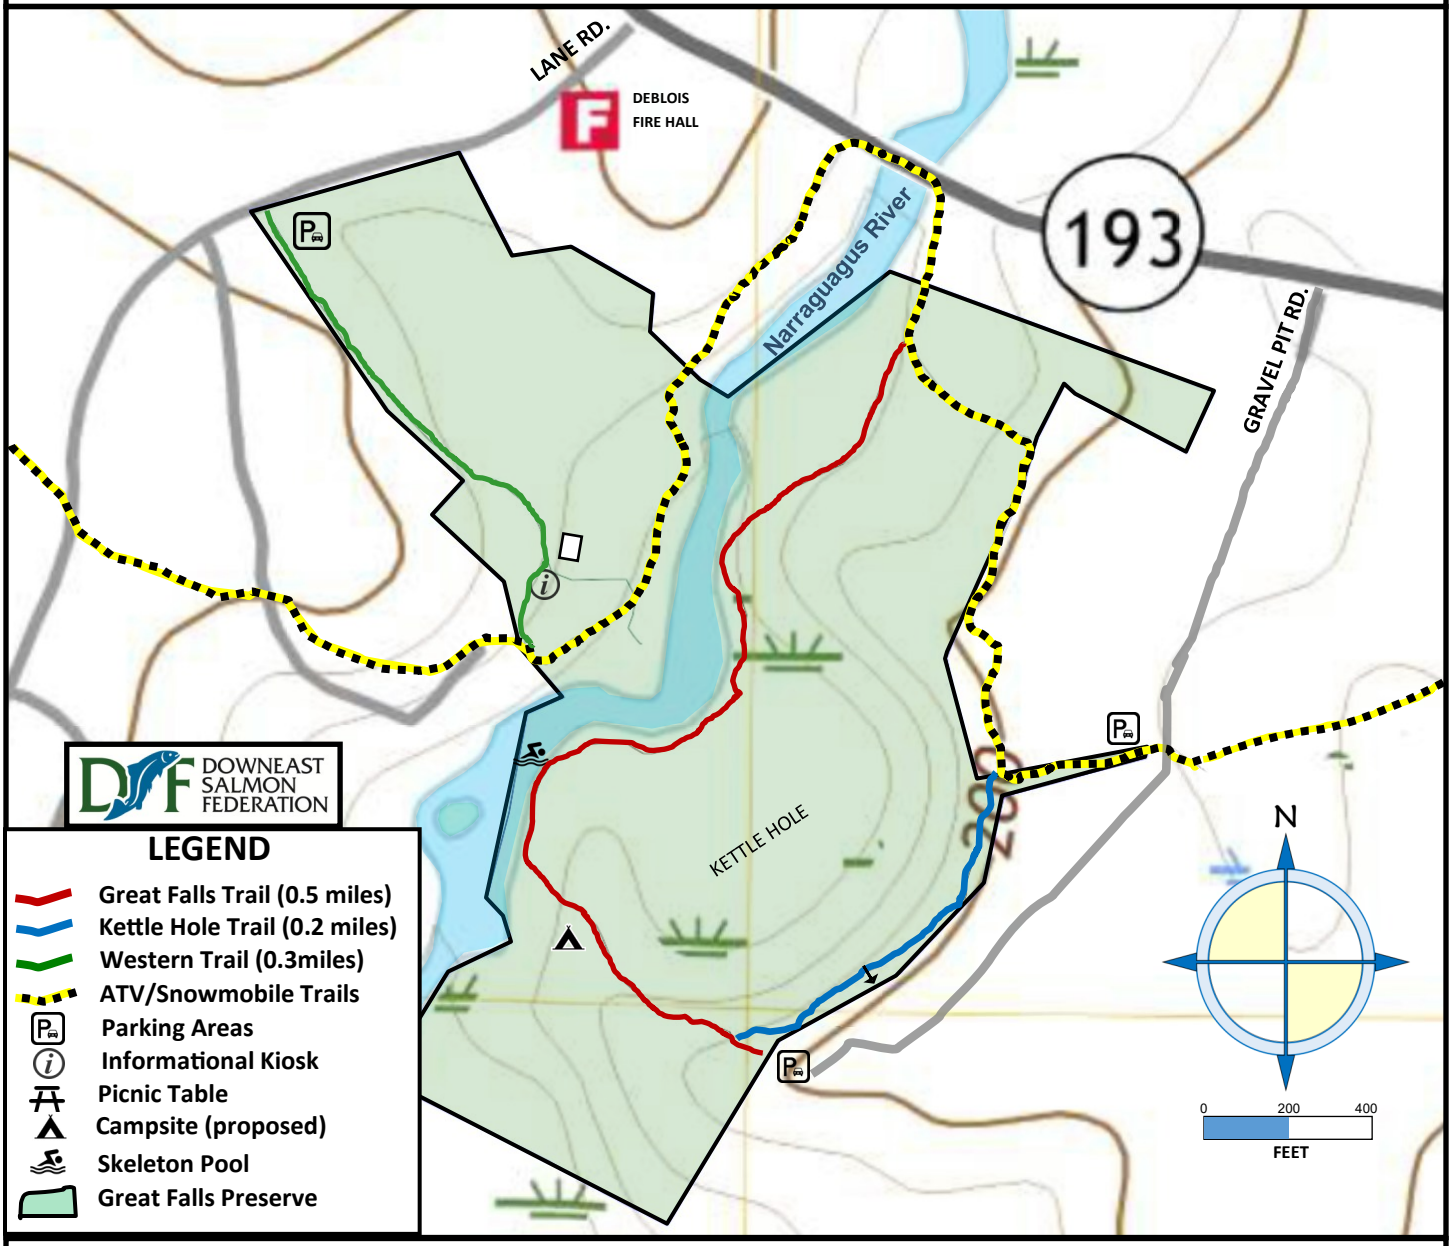
GREAT FALLS PRESERVE

TRAIL MAP



DIRECTIONS: From Rte. 1 in Cherryfield, take Rte. 193 north 11.3 miles. Turn left on Gravel Pit Rd., which is somewhat hidden by trees and houses on either side. Follow this road 0.2 miles through blueberry fields into a gravel pit and bear right on the road leading to "Skeleton Pool," then another 0.3 miles to the ample parking area for Skeleton Pool. From here, you can walk the foot trail 0.2 miles to Skeleton Pool. If you want to visit the Kettle Hole, before you turn right onto the Skeleton Pool access road, park on the right just before entering the gravel pit. Then walk back to the tree line that divides two large blueberry fields and turn left onto the Kettle Bowl Trail to skirt the rim of the Kettle Hole.
